

The Launch HOPE Foundation is proud to announce the implementation of a new physical space within the Plaza of Central Greens, Indianapolis. We have been chosen to play a pivotal role in a new local government effort to revitalize the community with commerce and assistance facilities. Accessible via Blue Line and housed among the Christel House Academy Charter School, St. Anthony's Parish and the local business bureau, Launch HOPE aims to promote and provide entrepreneurship strategies to marginalized individuals.

Our new facilities encompass a 4000 sq. foot open space; multiple conference rooms, alongside dedicated training and communal areas. A coffee and gift shop operate directly out of the building. Launch HOPE provides a unique service, repurposing a historically neglected area with limitless growth potential from within its own community.

Our mission statement revolves around transforming lives. We accomplish this through three pillars: Education, Execution, and Employment. We routinely offer in-house entrepreneurship classes, starting from an idea to a finished product. If there's a product, service or need in Central Greens yet to be supplied, Launch HOPE can make it happen. Sewing classes are also taught in both beginner and advanced varieties; perfect for all-around knowledge in fashion or clothing production. Our facility's coffee and gift shops additionally provide ample opportunities for our entrepreneurs to work, make a profit, and earn retail experience.

To manifest a mindset and atmosphere of wellness, we supply regular wellness tips. Setting goals, creating vision boards, nourishing the mind, and participating in guided meditation are all pieces to the successful business puzzle. Central Greens is a community with roots in mental treatment; by instituting new, proper mental strategies for prospective business owners, Launch HOPE aims to contribute a positive connotation to mental health study within the area.

We're incredibly excited and honored to kickstart our new relationship with Central Greens, and expand our Indy reach further than ever before. We acknowledge that a variety of organizations were under consideration to tenant the Plaza; Launch HOPE is honored to have been chosen to operate the space and will take advantage of every opportunity to make a productive change in the community environment.
